Braun BC09-DCF Digital alarm clock White

Model: BC09W-DCF

Manufacturer: BRAUN

EAN: 4007218670199

Product Code: 1407050

R1,851

Braun’s minimalist, clean aesthetic was built around the brand ethos ‘less but better’. With all elements designed to prioritise ease-of-use for the user, the BC09B-DCF alarm clock is a remarkable example of Braun's timeless Bauhaus-tradition design. It’s an alarm clock. Nothing more. Nothing less.

Winner of a Red Dot Design Award for 2020. The BC09 is a move on from the classic BNC009 digital clock, the improved features and functions a response to customer feedback and experience. The BC09 features a crescendo beep alarm, snooze and backlight function and LCD display with 12-hour and 24-hour setting options, all of which improve the functionality of this clock. A design that reflects Braun principles of consistency, simplicity and clarity of design.

DCF (GMT+1) signal Radio Controlled movement for Central European Time Zone. (This covers most of Central and Western Europe, including Germany, France, Netherlands, Belgium, Denmark, Switzerland, Northern Italy, etc). The radio controlled function can be switched off and the clock can be manually set for use in those countries where the radio controlled signal cannot be registered by
