Model: BRI945/00

Manufacturer: PHILIPS

EAN: 884694500021

Product Code: 1407084

R9,214

Expert IPL technology at-home, developed with dermatologists

IPL stands for Intense Pulsed Light. Philips Lumea applies gentle pulses of light to the hair root, putting the follicle into a resting phase. As a consequence, the amount of hair your body grows gradually decreases. Repeating the treatment leaves your skin beautifully hair free and touchably smooth. Treatment to prevent hair regrowth is safe and gentle, even on sensitive areas. Philips

Lumea is clinically tested and developed with dermatologists for easy and effective treatment, from the comfort of your own home.

Proven safe and effective treatment

Objective studies show up to 92% hair reduction in as little as 3 treatments**. The first 4 treatments must be carried out every 2 weeks, after which you should already be able to see the desired results. To maintain your results, simply touch up every 4 weeks. After just 8 touch up treatments you can be hair-free for 6 months* To enlarge this picture, please click on the image in the image gallery at the top of this page.

Suitable for a wide variety of hair and skin types

Philips Lumea Prestige works effectively, easily and safely on a wide variety of hair and skin types. It works on naturally dark blonde, brown and black colored hairs and on skin tones from very white to dark brown. As with other IPL based treatments, Philips Lumea cannot be used to treat white / grey, light blonde or red hair and is not suitable for very dark skin. This is due to the high contrast required between the pigment in hair color and pigment in the skin tone.

SenseIQ technology for personalized hair removal

Senses. Lumea’s SmartSkin sensor detects your skin tone and indicates the most comfortable light setting for you. Adapts. Intelligent attachments adapt programs tailored for each body area. Cares. Co-developed with dermatologists and inspired by you for gentle, long-lasting hair removal, even on sensitive areas***.

Intelligent attachments adapt programmes for each body area

Your body is unique. And its skin, curves and contours should be treated uniquely too. Lumea's total-body attachments are shaped to perfectly fit every curve and will adapt programmes tailored to each body area. Treatment windows are designed to maximise contact with your skin to ensure light doesn't escape, enabling effective and gentle treatments even on delicate or sensitive areas.

Body attachment with curved-in design

The intelligent body attachment has our largest treatment window at 4.1 cm2 so it's perfect for fast treatment of larger body areas like legs, arms and stomach. The curved-in design closely follows your body's contours for maximum skin contact. The click-on attachment adapts a tailored programme specifically for your body areas. 83% of women were satisfied with hair reduction on legs****.

Precision face attachment with extra filter

The face attachment has been thoughtfully designed to have a small, flat 2 cm2 window so you can effectively and gently treat hair on your face. Ideal for your upper lip, chin or jawline, the attachment also has an extra integrated filter. When added to the device, the intelligent attachment automatically adapts the light treatment for your face. 84% of women were satisfied with hair reduction on face****.

With SmartSkin sensor

Philips Lumea Prestige has 5 energy settings and makes it easy for you to choose one thanks to the SmartSkin sensor. The SmartSkin sensor indicates the most comfortable setting for women with a similar skin tone to yours.

FREE Lumea App for a personal coach at your fingertips

The Lumea App is free to download and offers a unique and personalised IPL experience – just for you. It is your very own personal coach to ensure you are getting the most out of your Lumea and using it in the correct way to achieve long-lasting results. The App helps you create your personalised treatment schedule per body area, with tips and advice during each treatment. All you need to do is check the app regularly to make sure you are up to date with any notifications or reminders.

No replacement parts, no hidden costs
