UNITEK H1314A01-EU Hub with Individual Swithes 7x USB-A 3.0

Model: H1314A01-EU

Manufacturer: UNITEK

EAN: 4894160055224

Product Code: 1408260

R1,305

The Unitek H1314A 7-in-1 USB hub provides an efficient way to manage multiple devices. With a length of 1 m, this USB-C to USB-C / USB-A cable ensures a reliable connection and supports a maximum data rate of 5 Gbps, ideal for high-speed data transfer. This desktop hub features seven ports, all with individual on/off switches, allowing for control of connected devices. It includes LED status indicators for monitoring and BC1.2 fast charging support to recharge devices. Constructed from aluminum alloy, the hub combines durability with a sleek design. Its compliance with USB 3.0 standards ensures compatibility and optimal performance across a variety of devices. Whether in a home office or at a workstation, the versatility of the Unitek H1314A hub simplifies connectivity and enhances productivity.
