

Neomounts THINCLIENT-10 Mini PC holder - max 10 kg - universal

Model: THINCLIENT-10

Manufacturer: NEOMOUNTS

EAN: 8717371443276

Product Code: 1408818

R2,018

With the Neomounts THINCLIENT-10, a thin client can easily be installed on a monitor arm, creating more workspace. It also protects the thin client from dust, dirt and/or theft.

The holder is adjustable in depth, making it suitable for most thin client models. See the line drawing for the exact dimensions of the holder.

The THINCLIENT-10 can be combined with the following specific Neomounts monitor arms: FPMA-D935, FPMA-D935G, FPMA-D935D, FPMA-D935D4, FPMA-D960, FPMA-D960D, FPMA-D965 and the FPMA-D1330 series. In addition, the holder is suitable for supports with a Ø 35 mm rod.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
