Its compact design and 5kg weight, combined with excellent maneuverability, allow for easy transport.

Eliminates 99.99% of viruses, germs and bacteria

Tests carried out by third parties attest that Polti Vaporetto eliminates 99.99% of viruses, germs and bacteria.

Cleaning without limits!

With the AUTOREFILL system, you can refill the boiler at any time for continuous and uninterrupted cleaning.

VaporForce brush

The large surface area of the Vaporforce brush ensures quick and effective cleaning on all types of floors.

Ready in just 2 minutes!

The stainless steel boiler heats up in just 2 minutes, optimizing your cleaning sessions.

Accessories always with you

Keep all accessories, including extension tubes and the Vaporforce brush, within reach in the rear compartment!

Use it on all surfaces!

With the extensive range of included accessories, stubborn stains, limescale, and grout will no longer be a problem.

Great for those suffering from allergies too!

Polti Vaporetto Smart 110 Eco is BAF certified for its effectiveness in eliminating dust mites.
