Bebird Home 30S ear cleaning otoscope with camera (white)

Meet the Bebird Home 30S, an innovative ear-cleaning otoscope that provides precise and safe ear health care for the whole family. Equipped with a 3.1mm camera and AR technology, this otoscope guarantees precise navigation and ease of use, thus increasing comfort and confidence in daily ear hygiene. It's ideal for anyone looking for an advanced tool to care for the health of their loved ones.

Precision camera for detailed monitoring

The Bebird Home 30S offers incredible image quality thanks to its 10 million-pixel camera and the use of a DSP chip. The ultra-fine 3.1mm otoscopic camera allows for safe real-time viewing of the ear canal, providing clear and stable images. Thanks to anti-shock technology and a flexible camera, the

tool perfectly adapts to the shape of the ear, even a child's ear, ensuring maximum precision and comfort.

Comprehensive ear health management

The Bebird Home 30S is more than an otoscope - it is a comprehensive solution for monitoring ear health at home. The tool is equipped with medical-grade replaceable silicone tips and a UV sterilizer, ensuring maximum hygiene and safety during each use. The waterproof design and child-safe earplugs make the otoscope an ideal choice for the whole family. From now on you don't need to make an appointment for special otoscopic examinations, you have all the essential tools at your fingertips without leaving home!

Professional tool for precise earwax removal

With the included precision tweezers, the Bebird Home 30S easily and safely removes foreign bodies from the ear, which is especially important for children. You'll also find interchangeable tips in the kit, suitable for both dry and oily earwax removal, allowing for complete personalization and effectiveness.

Remote medical care at your fingertips

Enhance your healthcare routine with the Bebird Home 30S by connecting the device to your Wi-Fi at home. It's maximum convenience for use at home and medical-grade precision in one. Monitor the condition of your ear, share photos and videos for expert advice, and safely remove foreign bodies from your ear canal at home. It's the perfect solution to help alleviate your ear health problems, eliminating the need for grueling travel and waiting in lines.

Compatible app

Bebird Home 30S also offers a dedicated Bebird app that you can download on both iOS and Android. With the app, which is backed by a modern healthcare system that supports IoT (Internet Of Things), you can get even more capabilities and easy access to all the most important settings, including screen sharing and contacting a professional. In addition, the app has as many as 4 modes - Clean, Lover, Child and Elderly mode - that you can customize for your family and loved ones.
