xTool M1 Ultra 20W 4-in-1 Laser Engraver - Deluxe Kit

The xTool M1 Ultra 20W is a unique 4-in-1 laser engraver that combines the functions of a laser, cutting knife, inkjet printer, and automatic drawing. The Deluxe Kit includes all the necessary accessories to get started right away: 4 cutting tools, a set of colored pens, an inkjet printer module, a starter material kit, the Smart Air Assist system, a honeycomb mesh base, a fire safety kit, the RA2 Pro 4-in-1 rotary module, and the xTool SafetyPro™ AP2 smoke extractor. This versatile device is the perfect solution for crafters, small businesses, and DIY enthusiasts.

Multitasking at the highest level

The xTool M1 Ultra supports four modes of operation: laser engraving and cutting, knife cutting and foiling, inkjet printing and automatic drawing. In one device, you have access to the full set of tools

you need for a wide variety of projects. With Easy Swap™ technology implemented, it takes just 3 seconds to change modules, allowing you to work quickly and smoothly without the need for other devices.

Support for more than 1,000 materials

The M1 Ultra allows you to work with a wide range of materials—from wood and paper to acrylic, canvas, leather, and 3D surfaces. Thanks to its 20W laser, you can cut even thick materials, such as 10 mm linden wood. This device is ideal for both precise artistic work and larger craft projects.

Precision and speed of operation

With a maximum working speed of 400 mm/s, the M1 Ultra delivers efficient and accurate results. The Snapshot Preview feature allows you to preview your project before starting work, and Pin-point™ Positioning technology ensures precise positioning. Every cut and engraving is executed with incredible accuracy, eliminating the risk of errors.

Intuitive Design with Artimind AI

The integrated Artimind AI feature makes designing easy, even for those with no experience. With intelligent shape recognition and the intuitive xTool Creative Space software, you can quickly create your own designs or use ready-made templates. The software supports multiple devices, such as computers, tablets, and smartphones, giving you complete freedom to work.

Safety and compact design

The xTool M1 Ultra is a compact device (620 × 498 × 178 mm) weighing 12 kg that fits easily into any workshop. With Class 1 Laser Safety certification, you can be sure that operation is safe for the user. The sturdy construction and thoughtful design ensure durability and reliability for years to come.

Included

- Cutting tool x4
