Single monitor desk mount with support up to 30" monitors and height-adjustable articulating arm

This monitor desk mount is designed to support up to 27-inch 16:9 or 30-inch 21:9 display, creating an ergonomic area for productivity. The mechanical spring-assisted arm enables multiple adjustment to suit different ergonomic needs.

## Height Adjustment with One Smooth Motion

The spring arm enables toolless height adjustment of up to 10.6in (270mm) with effortless one-touch motion. Adjust the height of the arm along the 10.2in (261mm) pole. The arm can extend up to 22.2in (590mm) from the pole.

## Toolless Assembly

The quick toolless slide and click design makes assembly quick and simple. The pre-assembled desk clamp and pole can be easily secured by hand to the desk, saving total installation time.

## Range of Motion

The articulating arm enables toolless adjustments of +/-180° horizontal swivel, 105° tilt, 240° pan, and 360° screen rotation on the VESA plate for portrait or landscape orientations. This flexibility enables users to customize the screen placement for maximum productivity and comfort.

## Durable Construction

With its steel and aluminum construction, the premium monitor arm supports a weight capacity of 19.8 lb. (9 kg). Die-cast aluminum arms with mechanical springs that passed 10,000 cycle test and are backed for 10 years for long-lasting performance.

## Cable Management

To maintain an organized workspace, the adjustable arm features a cable management channel along the underside to keep cables out of sight, reducing clutter and contributing to a tidy setup. A cable clip on the pole also helps maintain an organized workspace.
