

ICY BOX M.2 SATA/NVMe SSD Enclosure with USB 3.2 Gen 2 Type-C and RGB light

Model: IB-1826MCL-CU31

Manufacturer: RAIDSONIC

EAN: 4250078175223

Product Code: 1418434

R1,324

Aesthetic RGB Lighting

The built-in RGB lighting adds a modern touch to your setup while indicating power status. It combines functionality with style for an eye-catching look.

M.2 SATA & NVMe®

Compatible with both SATA and NVMe® SSDs using an M-Key socket, it supports SSDs in sizes 2230, 2242, 2260, and 2280 for maximum flexibility.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

High-Speed USB Type-C®

Equipped with a USB 3.2 Gen 2 Type-C® to Type-C®/A combo cable (60 cm), enjoy transfer rates of up to 10 Gbps across different host devices.

Heat Dissipation

An included thermal pad efficiently transfers heat from the SSD to the enclosure, helping maintain stable performance during intensive use.

HotSwap Support

Easily switch drives without shutting down your system. Ideal for quick upgrades, backups, or accessing multiple SSDs with no downtime.

Operating System

Compatible with Windows®, macOS®, and Linux®, offering wide platform support for a smooth and reliable user experience.

Aesthetic RGB lighting

Add aesthetics to your workspace with this sleek enclosure built with integrated RGB lighting. This enhances your desk with a line of colors and a modern touch to your workspace. Especially for those gamers who stay up late at night or professionals who just want the desk to look cooler.

M.2 SATA & NVMe

Manage to set up for your multiple storage projects. Built to accommodate both M.2 SATA and NVMe SSDs, this enclosure supports the most widely used form factors: 2230, 2242, 2260, and 2280. With one enclosure, you can easily switch between drives without needing additional housings.

High-Speed USB Type-C®
