

Kensington Slim Portable Combination Lock for Standard Slot

Model: K60625WW

Manufacturer: KENSINGTON

EAN: 085896606253

Product Code: 1418585

R1,910

Ideal for thin laptops, the Slim Portable Combination Lock for Standard Slot allows the laptop to lie flat and stable without blocking valuable ports. Self-coiling carbon steel cable sheathed in plastic stretches up to 1.8m and shrinks down to 76mm for easy portability. Features include a resettable four-number combination, one-handed operation and Register & Retrieve™ for quick, secure and easy combination retrieval. Meets or exceeds rigorous strength testing standards. Five-year warranty. From Kensington, inventor of the laptop cable lock and industry leader in physical device security for more than 25 years.
