Welcome to Wellness.

Wear your Amazfit Balance while you sleep, and in the morning, you'll get a Readiness score that indicates how mentally and physically recharged you are for the new day.

Readiness scores are generated based on data like your sleep resting heart rate and sleep heart rate variability, breathing quality, and temperature.

Check your scores from the past week to see if there's any big-picture issues you should be mindful of.

Your Insightful

Life Coach.

Feeling out of balance this morning? Understand why, by checking your Readiness insights in the Zepp App.

Generated using a Knowledge Base developed by a team of sleep health experts, the insights make it easier to understand your Readiness score and come with practical guidance to help you regain your balance.

Your Body, Your Rhythm.

Perfect Harmony.

Got too much on your mind to fall asleep? The key to a great Readiness score in the morning is high quality rest the night before - and that's where Zepp Aura comes in.

Found in the Zepp App, this sleep and relaxation service uses AI to create customized music that helps you fall asleep faster and improve your sleep quality.

The sounds intelligently adjust based on real-time biometric data picked up by your Amazfit Balance, to find what works uniquely well for you.

Empowered by AI and patented core technology, Zepp Aura also provides expert tips, detailed sleep reports and powerful insights.

Along with sleep sounds, Zepp Aura helps you rediscover your inner balance with soundscapes dedicated to meditation and relaxation.

Your Personal Sleep Coach.

Become a premium subscriber of Zepp Aura, and enjoy access to your very own sleep coach. This AI chatbot uses Large Language Models (LLM) to constantly improve its communication in order to

answer your questions about sleep and wellness, and proactively prepare daily, weekly and monthly analysis of your sleep.

Embrace Mindfulness.

Mental burdens like work-related stress may lead to lower Readiness scores. The Amazfit Balance has a wealth of features to help you calm your mind and avoid overthinking.

Take a breath with exercises designed to help you relax or focus, center yourself with downloadable Meditation app, or try your hand at Yoga.

Understand Your Body, Better Than Ever.

With the Amazfit Balance, you can quickly and easily measure eight upper body composition metrics from your wrist.

Pair the watch with the Amazfit Body Composition Analyzer Mat, which measures these same metrics in your lower body, to understand the balance of your full body composition with even greater precision.

Make Your Goals a Reality.

When race day is getting closer, check your Race Achievement Predictions in the Zepp App to see how you're likely to perform.

Intelligence in Action.

Strength Training mode can auto-detect 25 exercise types and intelligently track your reps, sets and rest time. Check the Zepp App when you're done for a training log of everything you hit during your session.

Set the watch to auto-detect eight sports movements, and you'll be able to spring into action quickly, without scrolling through menus.

Get your sports mode data broadcast in real-time via the built-in speaker or your Bluetooth headphones, and you won't even need to raise your wrist to check your performance.

It's About the Journey.

Utilizing L1 and L5 signals from six satellite positioning systems, the circularly-polarized GPS antenna found in the Amazfit Balance tracks your GPS movement with incredible precision - even between the skyscrapers of the city center.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

By reducing environmental and multi-path interference, the antenna is able to pick up 100% of satellite signals - twice as many as a regular GPS antenna.

Precise Route Navigation.

Import a route file from the Zepp App, and navigate your way through the city with incredible precision.

Share Your Activity.

Sync activity data to fitness apps like adidas Running, Strava, komoot, Relive, Apple Health and Google Fit, via the Zepp App.

Your Playlist on Your Wrist.

Store audio files on the watch, and listen to your favorite podcast on the way to the office, or your workout playlist at the gym.

Connect to Workout Devices.

Connect the watch to a heart rate belt or cycling power meter, thanks to the immense Bluetooth connectivity of the Zepp OS 3.0.

PeakBeats™: Balance Performance and Recovery.

Make sure your performance, improvement and recovery are in-sync, with a post-workout summary of specialized data.

Reliable and Accurate Health Tracking.

Thanks to the energy-efficient Zepp OS 3.0 and the enhanced dual-LED and 8PD BioTracker™ 5.0, the Amazfit Balance can provide more accurate monitoring of vital health metrics for longer.

DESIGNED TO SERVE,
CREATED TO INSPIRE.

Perfectly balance fashion and function - whether you're gearing up for a workout, suiting up for the office, or dressing to impress on a night out.

Focus on the Bigger Picture.

Decorated with an industry-leading anti-glare glass bezel, the enlarged HD AMOLED display will help you outshine the competition in the corporate world and beyond. A visual breakthrough for round smartwatches, the Amazfit Balance has a higher screen-to-body ratio than even many square

models.

ACHIEVE THE ULTIMATE WORK-LIFE BALANCE.

More than a smartwatch, the Amazfit Balance is the catalyst that keeps you mindful of the moment, as you find your perfect rhythm and unleash your potential.

Personalization and Optimization, In-sync.

Grid View or List View? The Zepp OS 3.0 allows unprecedented levels of customization. Set your watch up in a way that's unique to you.

Make and Take Bluetooth Phone Calls.

Via Bluetooth connection to your phone, the Amazfit Balance can be used to make and answer calls.

Android users can even send preset quick replies to received calls and SMS messages, along with instant message notifications from WhatsApp, Line, Facebook Messenger, Telegram, Skype and Snapchat.

The Balance of Power is in Your Hands.

The Amazfit Balance is energized and ready to help you power you through all your wellness, sports, professional and personal goals for up to two weeks at a time.

Connect to the Zepp App.

Compatible with iOS and Android devices, the Zepp App conducts health and fitness data analysis, features watch face and app stores, provides system updates for your watch, and much more.You can even synchronize your phone's Do Not Disturb mode to the watch when you need some peace and quiet.
