Easy-to-use Slide Glass Side Panel & Tempered Glass

A thick 4mm tempered glass panel allows for easy viewing of the internal computer components. The tempered glass side panel is protected utilizing an edge guard ensures the tempered glass panel will not slide out of proper placement during installation and removal. This edge guard protects the glass and makes it relatively vulnerable to impact and allows for access with removal of only 2 hand tightened screws.

Easy accessible design on top I/O ports

Z3 ICEBERG comes with two USB3.0 ports and its I/O port is placed on the right side of the chassis to provide great experience on cable management.
Power Button(LED), Reset Button, LED Control Button, Headphone Jack, Microphone Jack, USB2.0 Port, USB3.0 Ports

Cable-Management-Friendly Chassis
Carefully designed chassis to minimize cable management difficulties
* Upper I/O port is on the right side with rubber covers applied to unused holes for cable
