

Zalman ALPHA2 DS A36 White Processor All-in-one liquid cooler 12 cm 1 pc(s)

Model: ALPHA2 DS A36 WHITE

Manufacturer: ZALMAN

EAN: 8800263650255

Product Code: 1419418

R3,120

READY for Intel 15th Gen Processors & AM5

Socket Compatibility

- Intel Socket : LGA1851/1700/1200/115X
- AMD Socket : AM5/AM4

It is fully compatible with the latest intel’s processors as well as AMD Ryzen.

Power management technology for each processor is seamless with no compatibility issues.

Square Type IPS LCD Screen

- 2.73’’ IPS LCD Screen
- 320x320 Resolution

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- 30Hz Refresh Rate

Crop your video and change its aspect ratio in a few simple steps.

Real-Time System Monitoring

Customize various themes using an intuitive visual editing interface.
ZM-OZ software supports up to 7 ‘Display inform’.
Keep an eye on CPU temp, GPU clock, Ram load and more all at a glance.

Comprehensive Fan Control
Up to 4 Fan control modes support. (Silent / Normal / Performance / Custom)

* Custom mode

Set up custom fan curve profiles to adjust fan speed based on system temperature.

* M/B PWM control

Automatically adjusts fan speed based on the user's environmental noise level to provide optimal performance.

Various RGB mode Selections

The ARGB Channel, Mode select for light effects and it matches the cooler and case more perfectly.
Up to 7 modes of light effects with ARGB support, color can be managed and synchronized through the ZM-OZ software.

zalman OZ (Application Software)

Supports Motherboard’s Addressable RGB Sync
ZM-OZ HUB Controller
- PWM & ARGB Fan Max. 6
- SATA Cable
- M/B RGB software

Angle-Adjustable Magnetic Pump Cover

It features an angle-adjustable design and a magnet for easy attachment and detachment.

Anywhere you want

Since it is a magnetic type, it can be attached to any desired location, allowing you to easily check the system status at any time.

Daisy-Chain Cable Connector

Easy Installation & Clean Cable Management with Daisy-Chain connector.

Zalman AF120 Annular Fan

Zalman AF120 annular fan is designed to prevent vortex and backflow at the end of the wings, which can improve efficiency and stability by suppressing vibration.

Zalman Shark Fin Blades

Unlike regular cooling fan, specially designed Zalman AF120 Annular FAN with Shark fin blade provides minimum resistance to airflow allowing minimum operation noise.

1. The blade vibration is minimized by preventing the trembling of the blades during fan operation and the durability is enhanced.
2. Wind noise is minimized by suppressing the vortex phenomenon that occurs on the blades.
3. Airflow is maximized by minimizing the amount of air flow lost to the outer circumference of the rotor.

Vibrant ARGB Lighting Effect

Stunning and bright ARGB colors shine through the AF120 presenting your build in the most beautiful light possible.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Anti-Vibration Rubber Pads

It has excellent durability and anti-vibration rubber pads for minimizing the vibration generated during fan operation.

Aluminum Radiator with Maximum Heat Dissipation Area

- Heat dissipation fins in aluminum radiator provides great airflow
- Fast cooling of coolant
- Mounting holes on both sides for easy installation
- Pull and Push set up for maximized air flow

Innovative Water Flow Pump Design

The innovative way to prevent pump overload by separating the inflow and discharge of coolant into dual flow paths.
Maximum cooling performance by minimizing residual fluid.

High-Performance Pure Copper Base

Cools down the CPU temperature more effectively.

Tube Separator Clamp

Sturdy Braided Nylon Sleeve and Rubber Tube

Durable and Flexible design against temperature fluctuation and high pressures.

Excellent thermal conductive thermal compound ZM-STC10.

Alpha2 DS comes with ZM-STC10.
STC10 provides ideal heat transfer to keep PC cool and ready for heavy loads. It provides excellent thermal conductivity by filling the space between the cooler base and CPU.
