The easy-to-clean TPU-lined compartment separates damp or dirty items from the rest of your gear and tucks away when not in use. The internal divider separates the duffel into two different packing sections and also has storage space for laptop, chargers, and other electronics. Removable, padded shoulder straps convert the bag from a standard duffel to a crossbody carry. External stretch pockets on the top of the bag provide quick and easy access. Dedicated storage protects a 15.6" PC/16" MacBook and 12.9" tablet. Internal zippered pocket stores a phone, charger and other small items during travel. Pass-through panel secures the duffel to rolling luggage. Outer shell fabric, lining, and mesh are made of 100% recycled polyester from recycled plastic bottles. The 600D waxed canvas shell fabric is highly durable and includes a water-resistant coating free of toxic PFCs that repels moisture, dirt, and stains. All Thule Aion products are bluesign® certified.
