Beper P101VAP020

Model: P101VAP020

Manufacturer: BEPER

EAN: 8056420226737

Product Code: 1419516

R1,513

BEPER Vaporé Pro is a large-capacity rice cooker designed to prepare up to 1800g of rice conveniently, evenly, and safely. The steel frame with cool-to-the-touch walls ensures sturdiness and protection, while the removable, non-stick coated aluminum measuring container ensures even cooking and quick cleanup. The lid with steam vent, silicone gasket, and heat-insulated handle contributes to controlled, leak-free cooking. Once cooking is complete, the rice cooker automatically turns off and activates the keep-warm function, indicated by an orange light, while the red light indicates the cooking phase. The detachable cord allows you to bring it directly to the table, while the included accessories—steaming tray, measuring cup, rice spoon, and condensation collection tray—complete a versatile and functional experience. Made from BPA-free materials, it is perfect for those who want healthy, simple, and well-organized cooking. Power (W): 700 | Capacity (l): 1.8 | Keep warm function: Yes | Non-stick bowl: Yes | Bowl material: Non-stick aluminium | Steaming tray: Yes | Lid type: hinged | Display: No | Accessories included: Steaming tray, measuring cup, rice spoon, condensation collection tray | Safety features: Cool-touch steel frame, heat-insulated handles, BPA-free materials | Dimensions (cm): 28 × 28 × 28 | Color: Stainless steel / Black | Special notes: Detachable cord for table use, BPA-free materials, designed for even and safe cooking
