Meet the 16” Pro-Tek® Tech Backpack – a bag built to do more than just protect your laptop. With lockable compartments and a cushioned, adaptive bottom, it keeps your valuables secure, organized, and separated from the rest.

Slip your laptop into the dedicated SafePort® Sling Protection System to take on any adventure with confidence. In the main compartment, seamlessly organize and isolate your other valuables – shielding them from scratches and prying eyes – by storing in the adjustable bottom with cushioned dividers.

Experience unmatched comfort and utility with thoughtful features like dual cushioned grab handles, a ventilated back panel, contoured shoulder straps, reflective accents, and our innovative Multi-Flex™ Strap— which doubles as a sternum or utility strap. And for charging on the fly, a quick-access top pocket with a cable pass-through keeps power close at hand.

The Pro-Tek® Tech Backpack – where smart design meets everyday versatility.

Ultimate versatility

Made to adapt effortlessly to your lifestyle, this bag keeps your gear perfectly organized and easily accessible. With an adjustable bottom and cushioned dividers, it offers tailored protection for delicate items like camera lenses, a drone, speakers, or other valuable equipment. The front quick-access pocket ensures your smaller accessories are always within reach. Whether for professional use or personal adventures, its versatility makes it the perfect companion for any occasion.

Unmatched protection

With built-in anti-theft zippers and durable, water-resistant materials, the Pro-Tek Tech Backpack provides supreme protection for your valuables. Its discreet design deters unauthorized access, while the padded laptop compartment keeps your devices secure during travel. You can confidently go about your day, knowing your belongings are safe and sound.

All-day comfort

Comfort takes center stage with this backpack. Ergonomic straps, complete with stabilizer webbing, ensure a snug and supportive fit for all-day wear. Cushioned top and side grab handles add another layer of convenience, making it easy to carry by hand or grab on the go.

Multi-use strap

Transform your travel experience with our Multi-Flex™ Strap that effortlessly adapts to your needs. Use it as a sternum strap for backpack stability or a utility strap to secure bulky items in expandable side pockets. Perfect for both adventurers and commuters, this strap offers convenience no matter where your journey leads.
