R1,096

Designed for modern professionals, the Pulse II EcoSmart Sleeve combine slim, sleek aesthetics with superior laptop protection while promoting sustainability. Crafted from eco-friendly materials, these sleeves feature a durable, water- repellent coating to guard against the elements, while the neoprene padding and brushed interior lining provide exceptional protection against scuffs and scratches.

The Bottle: Reborn

This bag was designed with the environment in mind. By using GRS-certified recycled materials, 2 plastic bottles were kept out of our waterways and landfills, shredded into small flakes, re-polymerised into plastic chips, then heated and spun into yarn that was woven, and sewn into the fabric of this EcoSmart bag.
