Lexar Professional SILVER PLUS SDXC 128GB memory card

Lexar Professional SILVER PLUS SDXC 128GB is a memory card designed for photographers and filmmakers who demand speed and stability. With read speeds of up to 205 MB/s and write speeds of up to 150 MB/s, it allows for smooth 4K Ultra HD video recording and lag-free continuous shooting. The U3 speed class and V30 designation guarantee reliability when capturing dynamic shots, and wide compatibility makes the card seamlessly compatible with Canon, Nikon, Sony and many other cameras.

Durability in all conditions

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The Lexar Professional SILVER PLUS SDXC 128GB card is designed for extreme conditions - it is resistant to moisture, shock, X-rays and temperatures from -25°C to 85°C. It can withstand vibrations of up to 2,000 Hz and drops from a height of 1.5 meters, making it perfect for professionals working in harsh environments. In addition, fast file transfer with the compatible Lexar RW310x reader and the ability to recover data with the Lexar Recovery Tool ensure maximum security and convenience.
