technology significantly speeds up applications.

### Resilience and security in any situation

The Lexar Silver Plus microSDXC is designed to perform in the toughest conditions - it is waterproof (IPX7), resistant to shock, X-rays, magnetic fields and extreme temperatures from -25°C to 85°C. Thanks to its rugged design, it will survive falls from a height of 1.5 meters, making it ideal for travelers and professionals. The included Recovery Tool software allows you to recover accidentally deleted files, and the SD adapter increases the card's compatibility with cameras and laptops.
