Lexar High-Endurance microSDHC/microSDXC 128GB memory card

Lexar High-Endurance microSDHC/microSDXC 128GB is a memory card designed for uninterrupted data recording in car cameras, surveillance systems and surveillance cameras. Thanks to its exceptional resistance to intense write cycles, it can record up to 3,000 hours of Full HD 1080p footage, ensuring security and continuous recording. The high read speed of up to 100 MB/s, based on UHS-I technology, guarantees smooth recording and fast file transfer, making it a must-have for driving recorders and home security systems.

Durability in all conditions

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The card is designed to withstand extreme environments, offering resistance to water, shock, X-rays and temperature extremes of -25°C to 85°C in operation mode and -40°C to 85°C during storage. With U3 and V30 speed ratings, it will excel in dynamic scenes, capturing every detail without lag or stutter. Whether you use it in a car camera, security system or professional CCTV camera, Lexar High-Endurance ensures long-lasting and stable operation.

Manufacturer	Lexar
Model	LMSHGED128G-BCNNG
Capacity	128GB
Speed	Class 10, U3, V30, up to 100MB/s read, up to 45Mb/s write
Operating temperature	-25°C to 85°C
Storage temperature	-40°C to 85°C
Dimensions	11 x 15 x 1 mm
Weight	0.708g

Gross weight: 10, Box length: 13,00, Box width: 8,50, Box height: 0,50, Net weight: 5, GPSR Link: https://psr-assets.innpro.pl/gsm_accessories/sg_gsm_accessories_memory_cards.pdf, PPWR: <https://ppwr.innpro.pl/en/lexar>
