Seagate Desktop SSHD ST2000DX001 internal hard drive 2 TB 64 MB 3.5" Serial ATA III

Model: ST2000DX001

Manufacturer: SEAGATE

Product Code: 1420982

R2,340 ~~R2,575~~

SSD Performance. HDD Capacity. Affordable Price.

SSHDs are now available for your desktop computer. Get the speed and kick of an integrated solid state drive (SSD) with the massive capacity of a desktop hard drive – all at a surprisingly low price!

- Solid state speed for fast, responsive system performance
- Up to 2 Terabytes of massive storage capacity
- Innovative use of solid state memory delivers affordable performance and capacity
- NAND Flash and HDD technology work better together to deliver improved reliability

Solid State Drive Technology Inside Your SSHD

SSHD technology uses the right amount of ultra-fast NAND flash (the same type used in SSDs) to increase system performance. Seagate Adaptive Memory ™ technology effectively identifies the most frequently-used data and stores it in the NAND flash. The results give you greatly improved boot times, application loads and overall system responsiveness.

Get It All – Desktop Speed & Capacity.

With SSHD technology, there is no need to trade capacity for high performance. The Seagate® Desktop SSHD is available in 1TB and 2TB capacities, giving you plenty of space for all of your digital content. Store up to 1000 video games, 2000 hours of video, 500 HD DVDs, 640,000 digital photos, or over 33,000 hours of mp3 music files.
