From crowded subways to bustling streets, the camo-clad One Touch SSD Special Edition is the city dweller's solution for managing files in an urban jungle. Personalise your look with a fun selection of colourful camouflage to choose from and enjoy all the performance and perks of the original.

A Little Solid State Drive Goes a Long Way

About the size of a credit card, One Touch SSD is small enough to tuck away in a wallet, shirt pocket, or bag. And when it's time to transfer or backup files, its chic fabric enclosure makes the process less mundane and a little more personalised.

An External SSD for Photos and Videos

Transfer high-res photos faster and stream videos directly from your drive to your laptop with SSD-boosted speeds of up to 400 MB/s. Whether you're travelling, at the office, or just scrolling through old memories, One Touch SSD comes ready with on-the-go durability and space for must-have content.

Enjoy Continuous Auto Backup

Compatible with Mac¹ and Windows laptops and equipped with Sync Plus software, One Touch SSD is a USB 3.0 drive offering continuous backup while plugged in — making file protection effortless whether you're on the go or at home.

Organise Your Memories with Mylio Create

Life happens — photos add up and memories get scattered. Put the puzzle pieces back together with a one-year complimentary subscription to Mylio Create, an intuitive yet powerful app that helps you organise photos and create a life calendar of your memories, all while having the freedom to protect, edit, share, and sync them across multiple devices. This is your world — manage it beautifully.²
