## **R3,537**

iQ1 Perfetto is the professional hairdryer as light as a smartphone. It weighs only 294 grams, and its drying times are exponentially more efficient than traditional hairdryers. The hairdryer is equipped with the most sophisticated and sought-after technologies to provide hair with wellness, shine, and long-lasting color.

With a weight of only 294 grams, iQ1 Perfetto is the professional hairdryer that combines lightness, ergonomics, and a compact design, preventing muscle strain in arms and shoulders. Perfect for those seeking exceptional performance without compromising on comfort.

## **Oxy Active Technology: long-lasting well-being and shine**

Thanks to the exclusive Oxy Active technology, hair shines with health, and color stays vibrant longer. The oxygenating action purifies the scalp, offering a regenerating treatment with every use.

## **Unbeatable performance with the brushless motor**

The heart of the iQ1 Perfetto is an intelligent brushless motor capable of reaching 110,000 rpm, for faster drying compared to the average professional hairdryers. The digital control technology optimizes every session, drastically reducing drying time and ensuring a longer motor life compared to traditional AC and DC motors.

## **Italian design and energy sustainability**

iQ1 Perfetto is not only a technological gem but also environmentally conscious. Thanks to the Venturi Effect, the airflow is boosted without increasing energy consumption, ensuring the perfect balance between efficiency and sustainability.

## **Tailored features: your style, at your fingertips**

With the Memory Function, you can save your favorite settings among 12 temperature and speed configurations. Everything is managed through the practical LED display for total and intuitive control.

## **A must-have for every hairstylist**

iQ1 Perfetto is the ideal companion for those who see beauty as a mission. Power, elegance, and innovation in a single tool: the hairdryer every professional has always dreamed of.
