Ajax Video door bell.

DoorBell combines the convenience of a smart doorbell with high-end security and video surveillance. When someone rings the doorbell, the user talks to the visitor straight away, with no lags or delays. Equipped with a PIR sensor and built-in AI, DoorBell accurately detects movement and recognizes people, animals, and vehicles. Users can always get a clear view of what is happening at the front door, all in outstanding quality thanks to the doorbell's wide-range HDR camera.
