The DST-Mini's USB Type A ports are multifunctional. This means that not only do they support SuperSpeed data transfer, but also USB Battery Charging Specification 1.2 for charging mobile devices and other smaller peripherals, quickly. Delivering two USB Type A ports, a PD 3.0 USB-C, 4k HDMI, (Micro-) SD card slots and Gigabit Ethernet, this docking station unlocks a world of connectivity for your device.

Plug-and-Play

The Lindy USB-C Laptop Mini Docking Station 4k HDMI, PD 3.0 100W does not require any driver installation. This allows for seamless large-scale implementation and a hassle-free experience.
