The Lindy 7 Port USB 3.0 Hub with BC 1.2 Charging provides convenient desktop access to USB 3.0 devices including smartphones, tablets or flash drives. 7 USB ports provide much needed expansion whilst also benefiting from data transfer speeds of up to 5Gbps and maintaining backwards compatibility with USB 2.0 and 1.1.The hub also supports MTT technology which guarantees highest possible throughput speed for USB 1.1 devices.

The unit also features USB battery charging ports which are each capable of delivering 5V 1.5A up to a total of 36W when the hub is connected to the external power supply, perfect for charging larger devices such as smartphones and tablets. This hub is ideal in environments where multiple devices are frequently used and are required to charge and sync data or to simply increase the number of ports on a PC.
