The motorola razr 70 plus is a foldable smartphone with a 4.00" external display that runs full apps, shows notifications, and handles quick replies without opening the phone. AI features from Motorola Qira, Microsoft Copilot, Google Gemini, and Perplexity help you search, create, and stay organised. The Snapdragon 8s Gen 3 platform drives a 50MP OIS main camera, 50MP ultrawide, and Macro Vision. Unfold the 6.90" LTPO Extreme AMOLED internal display at up to 165Hz. A 4500mAh battery supports 45W TurboPower and 15W wireless charging, with a titanium-reinforced hinge and IP48 protection.
