SenseVision USB 3.0 4K Docking Station

The Club 3D Universal USB 3.0 4K Docking station is designed for all your connectivity needs. With the built-in USB 3.0 ports, the docking station enables you to enjoy the super speed data transmission (up to 5Gbps) of your USB peripherals, reducing cable clutter and bringing data and display connectivity to your notebook or tablet via a single USB 3.0 uplink port.

Dual Monitor support allows you to chose from either the DP or HDMI™ output plus a DVI output. It supports display resolution up to 4K at 30Hz for single Monitor setup or full HD at 60Hz for Dual Monitor setups. It offers separate connections for your Speakers or Headset and Microphone. You can even charge your Mobil Phone thru the BC1.2 Fast Charge Port in a manner of minutes.

Functionality is also dependent on the functionality of the connected devices.

BC 1.2 charging

Quick charge your USB enabled devices. It charges three times faster than a standard computer USB 2.0 port.
