R852

3M™ Visitor Safety Over-Glasses are our lightweight over-eyewear safety glasses with a strong polycarbonate clear lens for effective impact resistance. They're a lightweight design weighing just 39 g and feature an integrated brow and side-shield for maximum protection.

Help protect your glasses from liquids and hard objects during light work with 3M™ Visitor Safety Over-Glasses. Our clear over-eyewear is designed to fit comfortably over most prescription glasses, allowing you to use them without risking damage. The lightweight design comes with an integrated brow and side-shield for maximum protection. These glasses are unisex, designed to help protect eyes with 99.9 % UV radiation resistance, and are compatible with 3M's range of Hearing Protection and Respirators. Tested and approved to comply with European Standards - CE marked (EN 166:2001 1 FT), a pack contains one pair of protection glasses.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
