

BenQ WD02AT WLAN / Bluetooth 1201 Mbit/s

Model: 5A.F8Y28.DE1

Manufacturer: BENQ

EAN: 4718755090714

Product Code: 1429622

R2,921

Expand your display's connectivity

Get Wi-Fi and Bluetooth connectivity to connect your display to the web or Bluetooth devices like speakers and microphones.

Turn your display into a Wi-Fi hotspot

Plug the adapter into a BenQ display and set up a Wi-Fi hotspot to share your Ethernet connection with multiple devices. This is perfect for meeting rooms that need wireless screen sharing.

Upgrade your display with Bluetooth devices

Connecting the WD02AT to your interactive display allows you to use Bluetooth devices such as keyboards, mice, and speakers without the hassle of cables.

A faster Wi-Fi connection

The WD02AT connects to either the 2.4 GHz or 5 GHz band, guaranteeing steady speeds of up to 1201 Mbps. *Maximum internet speed may vary depending on network environment.

One-click wireless screen sharing

Wirelessly cast your screen with a single click. The WD02AT is fully compatible with the InstaShare Button, allowing connected devices to share their screens, camera feeds, or files on the BenQ Board.
