Bring the tough, portable Rhino 6000+ Industrial Label Maker to any jobsite – it's packed with time-saving shortcuts for labeling any installation quickly and professionally. Connect this DYMO label maker to your PC and use DYMO ID software* to create labels on your computer and print them with your labeler for even faster labeling on-site. The Rhino 6000+ meets key ANSI and TIA/EIA-606-B industry labeling standards. Its proprietary, one-touch "Hot Keys" automatically format label text for electrical and patch panels, terminal and 110 blocks, wire and cable flags, horizontal and vertical wraps, as well as vertical and fixed-length applications.

*Works with 32- and 64-bit Windows 7 or later. Microsoft and Windows are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.
