

Targus DOCK419 Wired USB 3.2 Gen 1 (3.1 Gen 1) Type-C Grey

Model: DOCK419EUZ

Manufacturer: TARGUS

EAN: 5051794030334

Product Code: 1430126

R1,871

Turn your device’s USB-C port into an HDMI or VGA output port with this compact single video docking station.

Turn your laptop into a workstation with the compact USB-C DP Alt Mode Single Video 4K HDMI/VGA Docking Station with 100W PD Pass-Thru. Connect your USB-C-enabled devices to a single HDMI or VGA display, while also connecting to a Gigabit Ethernet network, and plugging in your key peripherals – like mice, keyboards, flash drives or hard drives – into the USB-A and USB-C ports. You can even keep your laptop charged and powered by connecting your laptop’s USB-C power adapter to the USB-C port on the dock. It supports up to 100W (20V/5A) charging max. This dock also provides transfer speeds up to 5Gbps per port. Compact and lightweight, it’s easy to take it along with you anywhere you go.

HD or 4K UHD Display

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Whether you want to run a presentation on a larger display or use an external display, this single video docking station supports either one VGA display up to 1920x1200@60Hz or one HDMI display up to 4K@30Hz.

Connectivity Made Simple

Enhance your productivity and connect to more with 2 USB-A 3.2 Gen 1 ports (1 fast-charging) and 1 USB-C 3.2 Gen 1 port.

Charge and Power Host Device

With up to 100W Power Delivery pass-through, this dock allows you to power and charge your USB-C laptop or host simply by connecting the laptop’s power adapter into the USB-C port. Great for those laptops with only one USB-C port.

Perfectly Portable

Slim and light, this dock is perfect for the home, office or anywhere in between. Great for mobile workers or those in hoteling or hot-desking environments.

Plug and Play Simplicity

With no need for additional software, this adapter easily attaches to your USB-C or Thunderbolt™ 3 host device (e.g. laptop) to help you connect to a wired network, more peripherals, and transfer data.
