Open-Ear Design

Unlike other headphones that cover your ears, ours leave your ears completely open for total awareness of surroundings for a safe and connected listening experience.

More Value, Less Spending

Inspired by athletes, designed for everyone. OpenMove’s advanced technology comes at a cost-effective price to fit every lifestyle and budget.

Excellent Sound Quality

Powered by patented 7th generation bone conduction and PremiumPitch 2.0™, the unique structure of OpenMove’s earhook compliments the transducer's ability to deliver precise and balanced audio, optimal volume, and rich bass.

Water-Resistant

Rain, snow, sweat and dust are no match for these IP55 rated headphones, designed to embrace any elements you throw their way.

Lightweight & Comfortable

With nothing inside or over your ears, our open-ear, lightweight (29g) design ensures all-day comfort.

Secure Fit

Unlike traditional headphones that move and fall out during use, our titanium band ensures a snug, secure fit.

6 Hours Of Music And Calls

With 6 hours of battery life on a single charge and dual noise-canceling mics, you can enjoy crystal-clear audio and calls wherever, whenever.
