MX430 Air RGB

Compact ARGB Mid Tower Case with Modern Patterned Air Vents

We've made COUGAR PC cases even better. The new patterned air vents and the LED strips create a special outlook for your amazing build. Three gorgeous ARGB fans, mighty support for up a 280mm radiator, a 320mm graphic card, and a 175mm CPU cooler deliver superior value for you.

Patterned Air Vents Design

MX430 Air RGB's front panel features patterned air vents design. It is the chassis that integrates the new concept of minimalist aesthetic and cooling performance. The hollow areas also allow internal lighting to create mesmerizing light effects.

Incredible RGB Lighting

MX430 Air RGB comes with 3 ARGB fans and 2 LED strips. You are freely to control several amazing lighting effects with the dedicated RGB button. The built-in LED controller also adaptable with any compatible motherboards' 5V ARGB connection for system-wide lighting synchronization. The stunning light come out of a stylish panel helps reinforce the RGB effects.

Great Support for Components

Its advanced support for up to 320mm-long graphics cards, which allows you to enjoy the latest games with smooth framerates.

Clean and Tidy Looks

The PSU cover extends the color from the front panel. Unlike most massive tempered glass panels, it presents a distinctive view of divided design. The full-length PSU cover also allows you to hide the cables, improve the internal airflow, and showcase a clean build!

Top-notch Cooling

MX430 Air RGB's compact layout allows you to install six fans, a 280mm water cooling radiator, and a 175mm CPU cooler. This immense cooling potential will enable you to choose components freely.

Abundant for Multiple USB Devices

The top panel is equipped with two USB 3.0 ports and a USB 2.0 port, let you easily connect multiple peripheral devices and accessory charging. Not only optimize your processing experiences, but also keep all USB devices without limitations.
