MULTIPOWER MICRO 65W recharges any device with a USB-C port in complete safety, offering the fastest charging for: smartphones, tablets and laptops compatible with Power Delivery 65W charging technology. The three charging ports let you charge up to 3 devices at the same time, while the USB-C port is compatible with Samsung 45W Super Fast Charging 2.0. Thanks to GaN technology, its size is extremely small which makes it perfect for carrying in bags and backpacks, without sacrificing high charging performance.
