InLine USB 3.2 Gen.1 active extension, USB-A male to USB-C female, 5m

Model: 35650B

Manufacturer: INLINE

EAN: 4043718315048

Product Code: 1432156

R1,247

The powerful active USB 3.2 Gen.1 extension cable from InLine is the ideal solution to move USB ports from inaccessible places to the desired position. Long distances of up to 15 meters can be bridged without loss or interference thanks to the integrated electronics. The USB extension is used for hard drives, printers, webcams, headsets, mice, keyboards and other USB devices. The data transfer rate of up to 5 Gb/s enables lightning-fast and reliable data transfer. For extensions of 10 meters and longer, we recommend using the included plug-in power supply.

USB 3.2 Gen.1 compatible

Active USB 3.2 Gen.1 cable with integrated electronics for optimum signal transmission

Data transfer rate up to 5 Gb/s

Hot-swap Plug and Play compatible, can be used during operation

USB-A male to USB-C female

Housing: plastic

Colour: black

Supports operating systems from Windows 7 and MacOS 10 and newer

Note: This article is not cascadable, can not be extended by more active extensions

With power supply: AC 100-240V, 50/60Hz, DC 5.0V/1.0A (max. 5.0W)

External plug-in power supply unit data:

Input voltage: 100-240V AC

Input AC frequency: 50/60 Hz, 0.3 A

Output voltage: 5.0 V DC

Output current: max. 1.0 A

Output power: 5.0 W

Average efficiency during operation: 75.59 %

Power consumption at no load: 0.075 W
