

Bosch UniversalLevel 3 Set Line level 10 m 650 nm (<1 mW)

Model: 0603663905

Manufacturer: BOSCH

EAN: 4059952647999

Product Code: 1432678

R4,111

The precision laser level for fast aligning, squaring, and transferring jobs

Whether the job involves laying new floor tiles or installing a shower cubicle or drywall, the Bosch UniversalLevel 3 makes tricky tasks easy. Thanks to its laser cross and second vertical laser line, the cross line laser can be used for horizontal, vertical, and right-angled alignment. The second vertical laser line forms a 90° reference to the first line, enabling precise alignment in any room. Use the incline function for jobs out of the self-levelling range, such as installing stair railings. Its 120° opening angle projects longer laser lines, for accurate projections even at short distances. It also features an integrated 1/4" tripod thread along with a levelling accuracy of +/- 0.5 mm/m and a 10-m
