Model: 1292

Manufacturer: PANZERGLASS

EAN: 5715685003158

Product Code: 1432990

R1,156

Want more impact protection with less impact on the planet? This PanzerGlass® HardCase has a back cover made of 100% recycled plastic and keeps your phone safe from drops, shocks, scratches and most of whatever else life might throw at you. The case has even been drop-tested according to 4 x Military Grade Standard, which means it can withstand several drops from a height of 4.8 metres or a sitting-on-a-balcony-and-accidently-dropping-your-phone kind of height.

The HardCase protects and prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way to work towards a more sustainable future. Another is to use less packaging: In 2024, we reduced the amount of paper in our PanzerGlass® core product packaging design by an average of 66 %*. And of course, this product comes in recyclable FSC™-certified box.

The MagSafe compatible HardCase features a stiff, transparent back cover surrounded by a softer frame. Both back cover and frame are anti-yellowing so your case will continue to look great day after day, even with heavy use. For extra protection, combine the case with a PanzerGlass® screen protector and PanzerGlass® PicturePerfect or HoopsTM.

*Reduction from 2022-2024 measured by comparing selected products from the PanzerGlass® core range.
