Model: PGRMFPUG38388

Manufacturer: PANZERGLASS

EAN: 5715685017193

Product Code: 1433172

R1,505

Protect your sensitive information AND your designer phone with the award-winning* MATRIX screen protector made of 100 % recycled plastic.** The specially designed privacy filter ensures 4-way privacy: To anybody viewing your screen from left or right or from above or below, the content remains virtually invisible, keeping your mails, messages and PINs safe from the prying eyes of anybody sitting next to you on the train, in the coffee shop, or at the office. And if you’re worried about fingerprint readability, you can rest easy: The screen protector ensures 100% compatibility with your screen’s ultrasonic fingerprint reader, so you can be sure that your phone unlocks smoothly every time.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

And the screen protection? It’s outstanding! With high-level scratch resistance, this screen protector shields your phone screen from the hazards of everyday life. Or to put it in more sustainable terms: It prolongs the lifetime of your phone, postponing the need to produce new phones. This is one way of working toward a more sustainable future. Another is to protect the world’s wildlife and reduce plastic waste in nature. For each MATRIX sold, PanzerGlass® will donate to non-profit organization The Perfect World Foundation’s Project Ocean, dedicated to protecting marine life.

MATRIX comes with an aligner and a squeegee that makes installation a piece of cake (seriously!). We’ve even included step-by-step instructions as well as a QR code for quick access to our online how-to video. And the look? Well, MATRIX is SO featherweight, SO thin and SO clear that you’ll hardly notice it’s there … at least not until you bump your phone screen against a sharp-edged table corner. This might not happen, but then again … it might!

The screen protector is Ultra-Wide Fit, meaning it covers the front surface of your phone to provide superb screen protection and a complete screen view, while still leaving a little room around the edges for a PanzerGlass® case, for example, a fearlessly fashionable case from CARE by PanzerGlass®. And if you want extra protection, the screen protector and case can easily be combined with a PanzerGlass® PicturePerfect or HoopsTM camera lens protector.

* Innovation award at MWC Barcelona 2023. ** Made of 100 % post-consumer plastic.
