Model: P2CDD143-KVM-SWITCH

Manufacturer: STARTECH

EAN: 065030907712

Product Code: 1433298

R12,365

Share a mouse, keyboard, USB (10Gbps) Hub, and dual 8K 60Hz DisplayPort monitors between two DisplayPort-enabled computers

This dual-monitor KVM switch allows users to switch between two USB and DisplayPort-enabled desktops. It allows for sharing of dual-8K 60Hz DisplayPort monitors, a keyboard and mouse, and two USB 10Gbps devices.

Dual-8K 60Hz Displays & USB 10Gbps Hub Ports

This TAA-compliant KVM Switch supports dual 8K 60Hz DisplayPort monitors, making it ideal for working with high-resolution graphics or video. It also features two USB 3.2 Gen 2 (10Gbps) hub ports for fast data transfer, and four USB HID ports for the keyboard, mouse, and two additional USB peripherals.

Fast Switching with USB Emulation

USB emulation technology enables faster keyboard, video, and mouse switching compared to traditional KVMs. USB Emulation also ensures compatibility with combo keyboards/mice and keyboards featuring extra function keys.

Switching Options

This Universal KVM Switch offers hotkey or push-button switching options. Hotkeys allow for independent switching of audio, enabling audio playback from one computer while controlling the other. An audible buzzer confirms hotkey input, and LEDs provide a visual status of the selected host.
