Product Code: 1433539

R1,471

Combine HDMI 4K 60Hz and a USB 5Gbps connection into a single cable for connecting a computer to a KVM Switch

KVM cable provides a reliable connection between a computer and a HDMI KVM switch with USB 5Gbps support.

Manage Cables with Ease

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Simplify cable management by combining multiple connections into a single bundle. This minimizes the number of individual cables that need to be handled, making installation faster and more efficient. They are perfect for environments where KVMs are essential, such as data centers, server rooms, edge networking, and remote management setups, helping to reduce cable clutter and maintain an organized workspace.

Works with Any KVM Switch

This KVM cable works with any operating system, including Windows, macOS, ChromeOS, and Linux. It also supports all major hardware platforms, such as Intel, AMD, and Apple Silicon.

KVM combo cable is HDMI 2.0 compliant, supporting resolutions up to 4K at 60Hz, HDR10, and HDMI audio for high-quality audio/video experience. The USB 3.0 Type-A to Type-B connector provides fast data transfer speeds of up to 5Gbps.
