InLine 33392T mobile device charger Headphones, Headset, Smartphone, Smartwatch Black USB Wireless charging Indoor

Model: 33392T

Manufacturer: INLINE

EAN: 4043718344956

Product Code: 1434145

R1,217

Efficient charging for three devices simultaneously: Enables parallel charging of smartphones, Apple Watches, and wireless headphones—ideal for professional environments that utilize Apple products.

Compact, foldable design for flexible use: The double-foldable structure saves space on desks and facilitates transport in the field or when traveling.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

MagSafe-compatible charging surface with stable magnetic fixation and foreign object detection: Ensures optimal alignment and stable connection during charging – particularly relevant for iPhones with MagSafe.
Integrated, retractable USB-C cable for immediate use: No additional cables required – ideal for IT system houses and mobile service applications.
Intuitive status LEDs for each device: Clear charge status display supports efficient device management in daily operation.

The InLine® 3in1 Magnetic Wireless Qi Charger is a powerful charging solution for use in modern work environments such as offices, reception areas, or meeting rooms. It offers three dedicated charging surfaces for simultaneous wireless charging of smartphones, Apple Watches, and in-ear headphones – ideal for companies whose employees use Apple devices.
The MagSafe-compatible charging surface ensures precise positioning of the smartphone thanks to magnetic fixation. The integrated, retractable USB-C cable with a length of 0.8 m allows direct operation without separate accessories. The compact, foldable design not only facilitates mobile use, but also saves space in the work environment. Clear status LEDs provide information about the current charging process of each device at a glance.
With a charging power of up to 15 W for smartphones, 3 W for Apple Watches, and 2.5 W for headphones, the charger impresses with its efficiency and reliability—ideal for everyday professional use.

Input voltage: 9V-3A / 12V-1.5A
Output power smartphone: 5W / 7.5W / 10W / 15W
Output power Apple Watch: 3.0W
Output power headphones: 2.5W
Frequency: 110–205kHz
Number of coils: 3
Charging distance: ≤ 5 mm
Conversion efficiency: ≥ 75%
Connection type: USB-C
Cable length: 0.8 m (extendable)
Foldable: 2-fold
Magnet: MagSafe-compatible
Rubber pads

Status LED

Dimensions: 267×145×15 mm

Weight: 260 g

Dynamic power distribution depending on the device: The charger supports intelligent power adjustment for different device combinations. Android smartphones can be charged at up to 18 W, depending on device support. For Apple devices, the iPhone limits the charging power to a maximum of 15 W total output due to system restrictions

Android

12.5 W + 3 W + 2.5 W = 18.0 W

15.0 W + 3 W = 18.0 W

15.5 W + 2.5 W = 18.0 W

18.0 W

Apple

9.5 W + 3 W + 2.5 W = 15.0 W

12.0 W + 3 W = 15.0 W

12.5 W + 2.5 W = 15.0 W

15.0 W
