QUIET AND BREATHTAKING

Light Loop IO LCD 360mm White is an extremely high-performing All-in-One water cooler featuring an IPS display and intense RGB lighting, designed for heavily overclocked systems. An IO Controller, enabling software control, and daisy-chained fans are included. Engineered with silence-optimized fan blades and an advanced IC for pump control, the Light Loop IO LCD 360mm White delivers exceptional, whisper-quiet performance.
