Cudy AC1200 86mm Wall-Plate Wi-Fi Access Point

Model: AP1300E WALL

Manufacturer: CUDY

EAN: 6971690793883

Product Code: 1435395

R1,852

AC1200 Dual-Band

Fast, Reliable Wi-Fi in Every Room

Dual-band WiFi allows newer devices to stream on the less congested 5 GHz band, ensuring smooth video calls, 4K playback and gaming, while IoT and legacy devices stay reliably connected on 2.4 GHz band.

Built for Modern Spaces

Effortlessly integrates into any Interior

With its sleek, minimalist design, the device fits naturally into any room without disrupting your décor, delivering high-performance Wi-Fi while staying visually unobtrusive.

Efficient Heat Dissipation

Equipped with multiple cooling vents, the AP1300E Wall prevents overheating to maintain proper temperature and stable performance, even under heavy workloads.

Seamless Experiences in Multiple Scenarios

Apartment

Enjoy dedicated, high-speed Wi-Fi in every unit with zero signal overlap. Its sleek, low-profile design blends seamlessly into modern interiors.

Dormitory

Provide secure, high-speed access for each user without cross-room interference or weak zones. Designed to handle multiple users across closely packed rooms.

Hotel

Covers up to 50 m² (540 ft²), delivering fast, secure Wi-Fi in every guest room. Sleek design and easy integration with VoIP, IPTV, and other devices.

Office

Ensure reliable connectivity for each workspace or meeting room. Perfect for flexible, room-based deployments in modern offices.

Gigabit Wired Connection

Equipped with two Gigabit Ethernet ports——including one that supports PoE IN, AP1300 Wall allows your VoIP phones, IPTV, or other wired devices to stay reliably connected to the network for smooth calls and streaming.
