This is a dream team! The ESGE-Zauberstab® M 122 De Luxe and the ESGE chopper are unbeatable as a team! The hand blender is perfectly equipped with a multi-blade and beater for chopping, pureeing, mincing, emulsifying and whipping cream and egg whites. The chopper, onto which the ESGE-Zauberstab® M 122 De Luxe is simply placed, turns sugar cubes, chocolate, nuts, spices and the like into fine powder in no time at all. This is ensured by a two-blade blade - and to ensure that nothing slips, the chopper has a stable rubber base. The ESGE-Zauberstab® M 122 De Luxe offers two levels with its powerful AC motor - 10,000 and 14,000 revolutions per minute, the power for all occasions!
