The Neomounts WL90-325BL1 is a full motion height adjustable wall mounted workstation for screens up to 32", keyboard and mouse. The mount can support screens up to 9 kg (curved: 6 kg), while the keyboard tray can support max. 1 kg. The versatile tilt (70°), rotate (360°) and swivel (180°) technology allows the monitor arm to change to any viewing angle to fully benefit from the capabilities of the screen. The keyboard tray includes a wrist support and mouse pad for optimum comfort.

The wall mounted workstation has a large height adjustment range of 44-95 cm. To ensure quick repositioning and the most optimal working position, the WL90-325BL1 features gas spring height adjustment for both the monitor arm and keyboard tray arm. The smart cable management system ensures a secure routing of the cables.
