The Lenovo Universal All In One Stand is most flexible All In One stand on the market. It enables users to experience compatible Lenovo All In One PCs in a whole new way by offering rotating and adjusting height and a wide range of tilt. You can even tilt the All In One PC into a full horizontal position which is great particularly with touch enabled PCs.

- Tilt Range -25 to 90 degrees.
- Display height adjustment of up to 190 mm (7.5 inches).
- Rotate 360 degrees.
- VESA mount (100x100mm).
- Cable management in the back of the stand.
- User adjustment of the weight for particular system.
- Stable while small base.
