Control two HDMI®, USB equipped PCs with a single monitor, keyboard, mouse and audio peripheral set

The SV211HDUA 2-Port HDMI® Cable KVM Switch with Audio and Remote Switching Control lets you control two HDMI, USB equipped PCs with a single monitor, keyboard, mouse and audio peripheral set.

To help organize your desk without sacrificing work space, this compact HDMI USB KVM features integrated cables that can be connected directly to your system, while leaving a minimal footprint.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The switch features a remote push-button on a 1.5 meter (5ft) integrated cable that can be placed in an easily accessible location, as well as keyboard hot-keys, and PC or Mac® compatible software for switching between systems. To eliminate the need for a bulky external power adapter and wall outlet, the HDMI KVM switch is USB-powered.

This KVM with HDMI video capability offers support for 1080p HD resolutions (up to 1920x1200) for the ability to drive a large HDMI display for applications that require high graphical output.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.
