Lindy USB Type C to Triple Display Converter

Model: 43273

Manufacturer: LINDY

EAN: 4002888432733

Product Code: 1437786

R1,225

The Lindy USB Type C to Triple Display Converter allows users to connect either an HDMI, DVI or VGA screen to a Macbook, ultrabook or notebook with USB DisplayPort Alternate Mode.

With its lightweight, low profile design, the adapter easily fits into a notebook bag and simply expands any available connectivity options, so users can connect to the most commonly used digital and analogue video equipment, without having to carry multiple adapters - ideal for BYOD applications.

The converter is powered by the USB Bus, therefore no external power supply is needed. Installation is simple as no drivers are required and Type-C's reversible design has been developed to work regardless of which way the cable is inserted into the port.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
