Help protect your workers from certain light liquid splashes and hazardous dusts while enhancing their movement and comfort with 3M™ Disposable Protective Coverall 4515. Built for protection and designed for comfort, these disposable coveralls feature enhanced garment construction and carefully considered design features that provide protection against a range of contaminants.

Extended head protection

Provide your workers with the protection needed to take on what comes their way. This coverall features a low-profile, two-panel hood that zips up to the chin for excellent head protection, offering protection against certain light liquid splashes and hazardous dust.

Our work coveralls feature a robust, yet lightweight Spunbound Meltblown Spunbound (SMS) material. Breathable protective material helps to keep workers comfortable on the job.

No-hassle fit and comfort
